

# What If

Turn every post-it into a random event generator by putting a yes-no answer, and a pair of word prompts on every note.

1. Roll on this table (d6) and add the result to the bottom of every note.

1	No, and...
2	No
3	No, because...
4	Yes, but...
5	Yes
6	Yes, and...

2. Visit [Game-Icons.net](https://game-icons.net)<sup>1</sup>, and the last link in the footer is Random Icon.
3. Get two icons and jot the name alongside your yes-no answer.
4. When a player asks a question that is yes-no you use the provided answer.
5. For an open-ended question, you use the word prompts as suggestions.
